Phone No		E-mail Address			
Which Branch of DBKA are you a member of?					

ENTRY REQUIREMENTS

The course is intended for students who have attended a beginner's course or otherwise gained a basic understanding of bees and beekeeping. They should have some experience of handling bees at association meetings and probably have obtained their first colony of bees during 2010 or 2011. Students must be members of the DBKA.

COURSE CONTENT

The BBKA basic assessment syllabus: i.e.
The natural History of the Honey Bee.
The annual cycle of work in the apiary including swarm control.
Disease, Poisoning and Pests.
Manipulation of a Honeybee colony.
Equipment.
